Maps not to scale. All images are artist's concept only. Specifications subject to change without notice. Measurements are approximate, and they are measured by the zoning setback determined by the city. April 2022. E. & O.E.
 *All frontages have been calculated as the distance between the lot side lines along a line perpendicular to the lot centreline and at a street line set back of 6.40 metres.
 *Lot centreline is the line joining the midpoints of the rear lot line and the front lot line.
